OUR CONDOLENCES TO Jennifer Dean on the recent loss of her mother Catherine Miller.

THANK YOU NOTE

I, and my husband Frank before he passed away, would like to thank Brooklyn Heights for hiring inspector Nino. When he gets a complaint he is very respectful and does a great job. It was our pleasure to do as they asked. We would like to thank inspector Nino for the great job he is doing.

Sincerely,
Caroline Talani

INVEST IN HOME SECURITY : SAFETY TIPS

Check the Doors

Locks aren't as effective if they're on flimsy doors.

- Make sure all exterior doors & frames are solid wood or metal.
- Doors should fit tightly in their frames, with hinge pins on the inside.
- Install a peephole or wide-angle viewer in all entry doors, so you can see who is outside without opening the door. Door chains are not a security device—they break easily & won't keep out an intruder.

Check the Outside

To discourage burglars from selecting your home as their target of opportunity, make sure to

- Prune back shrubbery that hides doors or windows. Cut back tree limbs that could help a thief climb into windows.
- Light porches, entrances, & yards - front & back. Consider timers that turn on outside lights or install motion detectors.
- Keep your yard well-maintained. Store ladders & tools inside your locked garage, basement, or storage shed when you're not using them
- Clearly display your house number so police & other emergency vehicles can find your home quickly.
- Put lights & a radio on timers to create the illusion that someone is at home when you go away. Leave shades, blinds, & curtains in normal positions. Stop the mail, newspapers, or ask a neighbor to take them in.
- Update your home inventory, listing things like electronic & sports equipment & computers.

What about alarms?

If you have valuables in your home, or live in an isolated area or a neighborhood vulnerable to break-ins, consider an alarm system.

- Before you invest in alarms, check with several companies & decide what type & level of security fits your needs & available resources.

Burglars can take more than your property

Burglars generally don't want to run into their victims. But if they're surprised by someone coming home or pick a home that's occupied, someone may get hurt.

- If you see a screen slit, a window broken, or a door ajar, don't go in. Call the police from a neighbor's house or a public phone.
- If you hear a noise in the night that sounds like someone breaking in or moving around, call the police & wait for them to come. If you can leave safely, do so. Otherwise lock yourself in a room or, if the intruder is in the room, pretend to be asleep.
- Think carefully before buying a firearm for protection. Guns can be stolen. If you do own a gun, lock it up & learn how to use it safely.

If you're locked out of your home, can you still get in? . . Through an unlocked window in the back, or using an extra key hidden under a flowerpot or up on a ledge? If you can break in, so can a burglar.

A small investment of time & money can make your home more secure & can reduce your chances of being a victim of burglary, assault, or vandalism.

Get to know your neighbors. Watchful neighbors who look out for you as well as themselves are a front line defense against crime.

Check the Locks

In almost half of all residential burglaries, thieves walk in through an unlocked door or crawl through an unlocked window.

- Make sure every external door has a least a 1" bolt & can provide protection against picking, drilling, & other forms of physical attack.
- Secure sliding glass doors with commercially available locks or with a broomstick or wooden dowel in the track to jam the door against intruders,. Insert a pin in a hole drilled in the sliding door frame that goes through the fixed frame to prevent anyone from lifting the door off its track.
- Secure double-hung windows by sliding a bolt or nail through a hole drilled in a downward angle in each top corner of the inside sash & part way through the outside sash. Secure basement windows as well.
- Don't hide keys in mailboxes, planters, or under doormats. Give an extra key to a neighbor you can trust.

VILLAGE OF BROOKLYN HEIGHTS IS SPONSORING A FREE

PAPER SHREDDING DAY

Saturday, September 30, 2017 - 9:00 a.m. to NOON
Brooklyn Heights Municipal Center

As a way to prevent identity theft, we will be offering a personal shredding service for our residents and businesses! On Saturday, September 30th from 9:00 a.m. to noon any Brooklyn Hts. resident or business will have the opportunity to dispose of old financial statements, tax forms, bills, medical records and other paper without worrying about identify theft or the effect of dumping paper into the environment!

A powerful, mobile shredding truck will provide quick, confidential destruction and recycling of items to be shredded. Staples and paper clips are acceptable. The shredder and bin will be located at the Municipal Center parking lot at 345 Tuxedo Ave. The program will proceed rain or shine.

We'll have the village van on premises to take donations for our food pantry. We are in need of paper products, laundry products, cleaning products, personal hygiene / feminine hygiene products and toiletries. Cash/Check donations are also accepted payable to "Project Hope".

DO BRING

- Bank statements
- Books
- Brochures
- Cancelled checks
- Computer printouts

Medicare Part D Presentation by Kathleen Kapusta, Village Social Worker

On **Tuesday September 5th** there will be an important presentation on Medicare Part D at the Community Center. This is the **Prescription Drug Program** for Medicare participants.

Do you want to save money on prescription drugs?

If you are on a private drug prescription program it is recommended that you review your drug plan annually. There can be annual change in the factors that impact cost:

- Premiums
- Deductibles
- Co-Payments
- Formularies

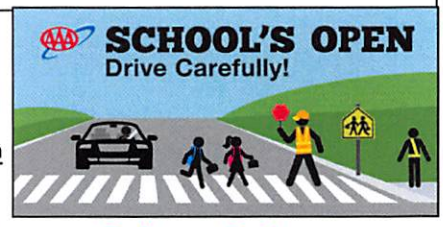
Medicare has an open enrollment from October 15th thru December 7th. To learn more, and what you need to do, come to the presentation! With the ever-rising cost of prescriptions, this can be a very valuable program. If you will be new to Medicare, this program is important to you also! Not reviewing your drug program annually could be costing you money!! (The presentation is not for individuals on an employer-sponsored plan or for those wishing to remain with a Medicare Advantage plan.)

Movies at Cinemark

We have scheduled three afternoons to go to Cinemark to enjoy a movie. Please mark your calendars for August 28, 12:45pm (All Saints), September 25, (TBA) and October 30, (TBA). The movie and times will be announced as soon as they are listed on the Cinemark website.

Residents Reserve the Bus!

The Village offers group transportation for a minimal cost. For details, call the Community Services office or visit the village website. Jack Casino, Rocksino, Tribe games, Blossom and more!!



School Starts Monday, August 17th

Village Food Pantry - Newly Updated Income Levels

The Village maintains a food pantry for any resident who may need assistance, whether it be temporary or on-going. The pantry contains poultry, meat, dairy items, canned goods, paper products, and personal hygiene items. It is run as a "client choice" pantry meaning that you actually shop for what your family needs versus receiving pre-packed bags. The pantry is located in the service garage, next to the Community Services office, in its own room.

We contract with the Cleveland Food Bank and receive much of our food free or at a minimal cost through this agreement. In addition, generous donations are received from residents, local businesses and the Women's and Men's Service Clubs.

The food pantry is available to those who meet these eligibility requirements: $24,119 for a one-person household; $32,479 for a two-person household; $40,839 for a three-person household. The amount increases by $8,360 for each additional household member.

If you feel you may qualify, please call our office and set up a time to shop the pantry. There is no charge and all information is kept strictly confidential.

SAFESITTER

Designed to prepare students in grades 6-8 to be safe when they're home alone, watching younger siblings, or babysitting.

The Instructor-led class is filled with fun games and role-playing exercises. Students even get to use manikins to practice rescue skills like choking rescue and CPR!

Monday, September 25, 2017

9:00 am - 3:00 pm

Brooklyn Heights Community Center

Safe Sitters learn:

- What to do when a child chokes
- Basic CPR
- Safety for the sitter
- How to call for emergency help
- Babysitting business skills
- Basic child care skills
- How to entertain children and keep them safe

Over 500,000 young babysitters have graduated from the program which instills students with the confidence as they learn how, why and where injuries can happen so they can be prevented. The up-to-date curriculum provides hands-on practice in lifesaving techniques designed to prepare babysitters to act in an emergency. Babysitters also receive instruction on how a child's age affects how to care for them, how to prevent problem behavior and how to run their own babysitting business. They also learn basic first aid as well as how to perform infant and child choking rescue.

REGISTRATION INFORMATION

- **Program is for students between 11 and 14 years old**

Diabetes and Kidney Disease Screening/Education

One in three American adults is at risk for kidney disease. Medicare Part B covers preventive screening tests that help detect diabetes and high blood pressure - 2 conditions that may lead to kidney damage. Visit Medicare.gov/coverage/preventive-and-screening-services.html for more information.

Diabetes Screenings

How often is it covered? Medicare Part B (Medical Insurance) covers screenings to check for diabetes. You may be eligible for 2 diabetes screenings each year.

Who's eligible?

Part B covers these lab tests if you have any of these risk factors:

- High blood pressure (hypertension)
- History of abnormal cholesterol and triglyceride levels (dyslipidemia)
- Obesity
- History of high blood sugar (glucose)

Part B also covers these tests if 2 or more of these apply to you:

- Age 65 or older
- Overweight
- Family history of diabetes (parents, brothers, sisters)
- History of gestational diabetes (diabetes during pregnancy), or delivery of a baby weighing more than 9 pounds

Your costs in Original Medicare

You pay nothing for these tests.

Kidney Disease Education

How often is it covered? Medicare covers up to 6 sessions of kidney disease education services if you have Stage IV chronic kidney disease that will usually require dialysis or a kidney transplant. Doctors, physician assistants, nurse practitioners, and clinical nurse specialists can offer these services. Kidney disease education teaches you how to take the best possible care of your kidneys and gives you information you need to make informed decisions about your care.

You'll learn about these topics:

- How to manage health conditions like heart disease, diabetes, high blood pressure, and anemia
- How your kidneys work
- What you should and shouldn't eat
- How your medications work
- Your treatment options if your kidneys get worse:
  - Kidney transplant
  - Hemodialysis
  - Peritoneal dialysis
  - Access options for hemodialysis and peritoneal dialysis

You can also ask about these topics:

- How you'll feel
- How to maintain your kidney function
- Exercise
- What your test results mean
- Your family and social life
- Work and finances
- Your mental health
- Your right to choose not to get a kidney transplant or dialysis

Who's eligible? People with Medicare Part B (Medical Insurance) who have Stage IV chronic kidney disease (CKD). The doctor who manages your kidney disease must give you a referral for these services.

Your costs in Original Medicare You pay 20% of the Medicare-approved amount per session if you get the service from a doctor or other qualified health care provider, and the Part B deductible applies. Your Medicare Supplemental Insurance plan assists with these costs.
