Dear Mayor Procuk,

The Cuyahoga Valley Chamber of Commerce is quickly approaching our "State of the Cuyahoga Valley Region" lunch on **Wednesday, November 16th**, at the Holiday Inn, Independence. We are excited to continue an interactive format with our Mayors and chamber business members. This has proved to be quite successful. We request that you mark your calendars and provide photos and talking points by **November 9th**.

We feel that this luncheon will highlight our region in a positive light, while providing our members the information that they are looking for from our communities. Our goals remain: To make the Cuyahoga Valley Region the best place to live, work and raise a family. This luncheon will help showcase your community to our business membership. We encourage all cities to continue to participate in this outstanding event.

Do not hesitate to contact our office at (216) 573-2707 with any questions or concerns. We look forward to seeing you on **November 16th**.

Dear Kari,

Congratulations! Brooklyn Heights is a proud participant of the Tree City USA® program. We appreciate your commitment and dedication to providing a sound community forestry program. Last year, more than 140 million American citizens were able to call their city a Tree City USA community, a feat we all can take pride in.

It is time to begin the renewal process for your 2016 Tree City USA recognition. Beginning September 1, please visit arborday.org/treecity to start your online application. We are happy to help with any questions you might have as you begin, and of course, you may contact your Ohio Division of Forestry Regional Urban Forester as well.

You will be happy to know that the contact, tree board, and ordinance information you entered is saved each year and is automatically entered into the current year's application. You will be able to edit this information as needed. This time saver is one of the many benefits of submitting your application online.

Please ensure your Local Contact Person (City Forestry Contact), along with his or her email address, is up-to-date on your application. This is the person who will receive notices via email if there are any questions about your community's application. He or she needs to have regular access to email.

Please submit your application in advance of the **December 2, 2016**, deadline. This allows applications to be processed efficiently so that materials reach you in time for your Arbor Day celebrations.

As a reminder, the Growth Award eligibility requirement of exceeding the previous year's expenditures has been removed. More information on the eligibility and application process of the Tree City USA Growth Award can be found at <http://www.arborday.org/programs/treecityusa/eligibility.cfm>. Please contact your state coordinator for more information.

Thank you for your commitment to ensuring your community is a greener, healthier environment for all your citizens. If you have any questions, please contact us at treecity@arborday.org or 888-448-7337.

Sincerely,

Dan Lambe

Hi Kari,

We spoke at the end of last week regarding reserving the Community Center for our annual Halloween Party scheduled for Tuesday October 25th. I have attached a letter to Mayor Michael Procuk & the Village council asking for their consideration in waiving the rental fee. You mentioned that there was an Emergency Meeting tonight so I wanted to submit the letter today in case they had an opportunity review our request.

As a village resident and an employee of REM Ohio I would like to thank you all in advance for your consideration.

If you should need any additional information, please don't hesitate to contact me.

Dear Mayor Michael S. Procuk & The Brooklyn Heights Village Council,

I would like to take this opportunity to Thank you and the Village Council for waiving the Community Center rental fee for our organization last year. With your generous gesture we were able to host a successful Halloween Party for the individuals we serve.

REM Ohio is a residential service provider for individuals with developmental disabilities. For many years now we have operated a group home in the Village of Brooklyn Heights. Along with the day to day services we provide the individuals we like to organize fun activities for them also. This gives them the opportunity to mingle outside of their homes.

We have confirmed the availability of the Community Center for Tuesday October 25, 2016 and would appreciate if you would consider waiving the rental fee for our individuals again this year.

Thank you in advance for your consideration and for giving us the opportunity to host an event that our individuals have come to look forward to and love.

Sincerely,

CUYAHOGA COUNTY BOARD OF HEALTH

YOUR TRUSTED SOURCE FOR PUBLIC HEALTH INFORMATION

September 26, 2016

Mayor Michael S. Procuk
City of Brooklyn Heights
345 Tuxedo Avenue
Brooklyn Heights, OH 44131

Dear Mayor Procuk:

The 2016 Semi-Annual Statistical Report for public health activities in Cuyahoga County from January through June is enclosed for your review. The information in this report was prepared from all of our daily staff activities. Please distribute this report to other community leaders as appropriate. Also enclosed you'll find a list of our programs and services offered to citizens in the health district.

We have always worked diligently to diversify our funding streams to meet the public health needs of the community while controlling costs to the cities, villages and townships we serve. Approximately half of our budget is supported by federal, state and local grants and contracts. These additional funding sources substantially increase the scope of our services to the citizens of your community and keep direct costs to our communities down.

The Cuyahoga County Board of Health works with our contract communities on a wide range of public health issues that impact your citizens. Examples of recent activities include the following:

We convene a countywide taskforce that is working to address the alarming rise in the misuse of opiate prescription drugs and the corresponding and alarming rise in overdoses and deaths related to prescription opiates, heroin, fentanyl and recently carfentanyl (<http://opiatecollaborative.cuyahogacounty.us>). Through this work, we have coordinated the distribution of the naloxone overdose reversal drug to police departments in almost 50 Cuyahoga County communities and work to educate families, community providers, safety forces, students and administrators in academic settings.

Our work also focuses on a range of existing and emerging public health issues including school age childhood vaccinations and boosters; novel influenza and annual pneumonia vaccinations; educating the public on Zika virus and other mosquito-borne illnesses; and responding to and mitigating the proliferation of bed bug-related complaints in residential, business and institutional settings. On the clinical front, we provide safety net services for underinsured and uninsured clients as these roles are evolving in the context of the Affordable Care Act (ACA). Public health emergency

preparedness and response continues to be an important responsibility in support in our communities.

Our five year strategic plan (2016-20) is designed to best position the agency to lead with our talented workforce, capitalize on new technology, build essential communication and community engagement capacity, address priority health problems and attain national public health accreditation (<http://www.ccbh.net/strategic-planning/>). These efforts are supported by the guiding principles of health equity, where all people have the opportunity to attain their full health potential, regardless of their race, income or other social determinants of health. Two issues featured in the plan include linking clinical medicine and public health to address chronic diseases like asthma, obesity and diabetes and reducing infant mortality. Both of these priorities are tied to a statewide health improvement strategy.

We are committed to providing high quality public health services that matter to the citizens of your community. If you have any questions concerning this report or if you would like further elaboration on any of the topic areas please contact me at 216-201-2011. Additionally, our website has recently been updated. I would encourage you and your constituents to view the site at www.ccbh.net.

Thank you in advance for your consideration.

Sincerely,

Dear Mayor Michael,

The Cuyahoga Valley Chamber of Commerce is proud to provide valued resources to its membership. That is why we have partnered with Community Energy Advisors to educate and empower our members to take control of their energy costs. In today's volatile energy market there are plentiful opportunities to shop for a better electric and natural gas rate. That's why we've designed an easy way to educate members about how to compare such rates.

"We had no idea there were options out there like this program. It was a quick and simple process and since we joined, we have saved over \$2,500 per year! That's money that we can put back into our business."

-Anthony Scolaro, Owner, One Eleven Bistro

If you have not yet taken advantage of the Chamber Energy Aggregation Program, I strongly encourage you to assess your current rate and see if the program may be a good fit for your company.

Are You Paying Too Much?

1. Locate your electric and natural gas bills and use the attached sheet to see if you may be paying too much.
2. Scan and email your most recent electric and natural gas bills (all pages) to chamberenergy@ceateam.com to receive a free savings assessment.

Or simply call **330.208.2082** to speak with one of our trusted energy advisors.

Sincerely,

Rep. Anielski to Host Military Resource Fair in Oakwood Village on October 28th

COLUMBUS—State Representative Marlene Anielski (R-Walton Hills) is joining with the Mt. Zion Church in hosting a Military Resource Fair on Friday, October 28th.

The event taking place at the Parma Snow Branch of the Cuyahoga County Library will feature a variety of organizations geared towards helping those who have served our country, no matter what era, their spouses, and families. Throughout the day there will be agency representatives who can help military personnel or their families with benefit questions, employment opportunities, and many other military related areas. The event is completely free and open to the public. Free continental breakfast, haircuts, and additional offers will be available to those in attendance.

Date: Friday, October 28th

Time: 10am-1pm

Location: Mt. Zion of Oakwood Village (1 Mt Zion Cir, Oakwood Village, OH 44146)

Bring: DD 214 or NGB 22 discharge papers. If discharge papers are not available, please bring the social security card of the military personnel.

"All of our military personnel have given personal sacrifices in leaving their loved ones to protect our freedoms," Rep. Anielski said. "It is my intention to make sure that all those who have served no matter in what capacity and no matter what era, are aware of the benefits and services available to them during the Military Resource Fair."

Dear Mr. Rosby:

Now that you have entered into the Partial Consent Order with the State of Ohio as it relates to the expansion of your construction and demolition debris landfill, I am writing to request that you meet with the administration and potentially appear before Council to discuss your operations. The public is interested to learn additional details regarding your operation outside of what is contained in the Partial Consent Order. Specifically, I am referring to your intended expansion pursuant to your 2016 License Application. We are also interested in learning the specific details as to your operation, including hours of operation, weights of trucks, and the methods that you will employ to limit the effects on Village residents as it relates to noise, dust, and other things that the Village has received various complaints regarding in the past.

We are simply interested in maintaining a safe environment for the residents of Brooklyn Heights and wish to work with you so that we can allow the public to understand how this facility will be operated going forward. We are also curious to gain further clarification on the actions required pursuant to the Consent Order, and hope to understand how you plan to address your facility's many issues that have affected the Village in the past.

If you have any questions, please feel free to contact me. Please confirm that you will be available for this meeting.
