Mike Henry, Engineer stated that the county legislator has set \$1 million dollars aside for each of the next two years. As part of that to come back into the communities for community impact grant. We have it in our list as a Casino application it is a supplemental grant that will be administered by the community development block grant. As part of that grant application process we need to have a Public Hearing. So we advertised the Public Hearing for tonight for public to come and hear what we are planning to do and provide input to what grant opportunities would be available. The grant opportunities that we can apply for would provide benefit and impact for village itself. There is a sign in sheet that needs to be sent around and everybody needs to sign it. This will go in as part of our application to let the community development block grant so people know that we held a public hearing to provide and get input from the community itself. The application is due December 23, 2016. With all hopes we would like to come before council. We would like to come to November's council meeting with an ordinance saying what we are going after and have the application completed in November.

Mayor Mike Procuk concluded the Public Hearing.
