The Village of Brooklyn Heights will be holding a community-wide volunteer opportunity to construct masks to help with virus protection. I have instructed the Community Services Department to coordinate this project and they will have details on our village website and official Facebook page. The masks will be made available to our residents. We can also donate them where needed as well. Watch for details as we work to serve our entire community during this difficult pandemic situation. Please remember to follow the CDC guidelines...social distancing-wash hands- sanitize-save lives.
