WEST NILE VIRUS FACTS AND TIPS

- The West Nile Virus is spread from an infected mosquito that bites a non-infected bird. The bird, now infected, is bitten by another mosquito that absorbs the virus and spreads it to its next bite victim.
- It takes 5 to 10 days for the mosquito to breed in stagnant water.. Any puddle that lasts more than four days is a potential breeding site.

PERCAUTIONS TO HEIP STOP THE WEST NILE VIRUS

- Eliminate standing water in containers such as old tires, tarps (where water collects in the folds), Childers's toys, tire ruts, wading pools, birdbaths, buckets, or any water holding containers.
- Fill in or drain any low places (puddles, ruts) in yard.
- Cover trash containers to keep out rainwater.
- Repair leaky pipes and outside faucets.
- Fill tree rot holes and hollow stumps that hold water with sand or concrete.
- Change water in birdbaths and plant pots or drip trays at least once each week.
- Keep grass cut short & shrubbery trimmed adult mosquitoes will not hide there.
- Clean roof gutters and downspout screens regularly.
- Store pet food and water bowls indoors when not in use.
- Wear light-colored, long sleeved clothing and long pants if you must be outside.

TIPS ON HIRING IN-HOME CARE

Most Seniors wish to live out their lives in their own homes. At times, the best way to do so, is with the assistance of home care aides. Fortunately, there are a significant number of agencies which provide this assistance. Unfortunately, they are not all equal in the service they provide. Therefore, one must follow the approach of **buyer beware**. It is critically important that due diligence be used in selecting a home health care agency, to provide in-home care.

When you, or your loved one, need home-health services, consider the following tips:

- Ask for the payment structure in writing, including whether payment is made to the agency or to the care-provider. Note, you may be responsible for paying Social Security, IRS withholding taxes and insurance if you pay the individual directly.
- Inquire into pricing and payment options, such as minimum number of hours and any rate reductions based upon required hours.
- Request verification that the worker is either covered by Workers Compensation or is self-insured.
- If you have any requirements, such as a non-smoking care provider, discuss these in advance.
- Confirm the agency is licensed to specifically perform the services you request, such as medication management. The workers should be properly trained for the services provided.
- Confirm that a background check has been done on the care-provider.
- Ask for references.
- Request to see a copy of the license or certification of any care-provider coming into the home.
- Determine if the agency bonds and insures the care-provider. Check if your homeowner's insurance will cover any loss that may occur, while a care-provider is working in your home.
- Ask if it is possible to meet the care-provider prior to engaging them. Having the appropriate match of personalities is critical as well.

IMPORTANT NOTES

- This service should be supplemental to a service you employ if you need to be out of your drive at a certain time.
- This is a basic snow plowing service. In severe weather conditions, plowing may be delayed.

OUTLINE

- Your street address must be visible from the street.
- If a car is in your driveway while plowing occurs, this will limit the area which will be plowed.
- The driveways are plowed in an assigned order. If the house around the corner is plowed before yours, please be sure that your street will be done in a timely manner. If you have a corner lot, your drive will be plowed by the truck handling your street address.
- If your sidewalk or the street is plowed by the Village after the subcontractor has plowed your drive, we cannot get back out and re-do all of the drives.
- If your drive has been cleared by someone else before the contractor has been there, the contractor will skip your house as it "appears to have been cleared".
- If your drive is missed or there are any problems, please call the Community Service office - on the day of the occurrence. All calls should be made to 739-3702. Messages will be returned as soon as possible. Please do not call the sub-contractor or the Service Department.
- If any damage occurs please notify the Community Service Department immediately. Any damage to lawns and/or sprinkler systems, etc. must be reported to the Community Services Department no later than May 15, 2020. No reports will be honored after this date.
