

I hope this communication finds you and your family well. It was nice to see so many of you at our Upper Park Grand Opening and everyone enjoying the pickleball and basketball courts. The Fall season brings many activities including our youngest residents starting their school year and I hope they have a wonderful year!

This mailer outlines many events coming up through the fall season in addition to the following important notices:

The ODOT construction on Granger Road has an expected completion by the end of October. In the meantime, Tuxedo Avenue continues to be closed to southbound traffic starting at Granger Road to the Tuxedo Bridge. The Dorset, Galway Circle and Dunedeen project, as well as the Spring Road project, are both completed. We appreciate your patience during these important infrastructure projects!

I am happy to share that we are working on a new online sports registration platform that should be ready in time for spring soccer and baseball. We are also working with a new website developer to present a new website which should also be ready to launch in the late spring.

HALLOWEEN TRICK OR TREATING

Trick or treating will be held on Tuesday, October 31st, from 6-8:00 p.m.

Everyone loves a good scare on Halloween, but not when it comes to the safety of the little trick-or-treaters.

Facts about Halloween Safety

On average, children are more than twice as likely to be hit by a car and killed on Halloween than on any other day of the year.

Top Tips for Halloween Safety

- Carry glow sticks or flashlights, use reflective tape or stickers on costumes and bags, and wear light colors to help kids see and be seen by drivers.
- Join kids under age 12 for trick-or-treating.
- Slow down and be alert! Kids are excited on Halloween and may dart into the street. Turn on headlights early in the day to spot kids from further away.
- Remind kids to cross the street at corners or crosswalks.
- When selecting a costume, make sure it is the right size to prevent trips and falls. Choose face paint over masks when possible. Masks can limit children's vision.
