SENIOR CLUB

After a lot of discussion and a vote of our members, the Senior Club will be officially disbanded as of July 1. Our members are getting older, and we have lost some of the key people that kept things going. We find that it is tough to do a lot of the preparation work we used to do.

We are happy to report that the Community Services Department has agreed to handle arranging fun activities, lunches and events that will be open to all seniors in the village.

We would like to thank all of the people that supported our club through the years, Mayor Mike, Council and the community.

June, 2013

While we are saddened to hear of the disbanding of the Senior Club, the Community Services Department is looking forward to fulfilling the need of our seniors for social, health and recreational activities - welcoming all residents age 65 and over.

Instead of a traditional club format, we anticipate being able to offer more opportunities for socialization and fun as well as information relevant to senior concerns and of course, food! We look forward to welcoming previous club members, and are happily anticipating seeing new faces at our events.

As always, we are grateful to Mayor Mike and our Village Council for their continued support of our mission to enhance the lives of our senior residents!

FEMA

The Federal Emergency Management Agency released a residential training program to help familiarize residents in the various aspects of how large scale disasters will affect you and what you can do to help yourself, your neighbors and your Police and Fire Departments. We are very thankful to live in communities with excellent Safety Forces.

As seen on the news many times in recent years, major weather events and sudden acts of violence can temporarily overwhelm a community. This course makes you think about emergency planning steps to take for yourself and your family. It will help you understand the broad complexities of these events by introducing you to preparation already established in your community.

EMERGENCY EDUCATION FOR RESIDENTS

Disaster Medical Operations - Part One / Wednesday, June 19th

In this module you will learn about Life-Threatening Conditions and Triage. How to recognize and treat and airway obstruction, bleeding, and shock and the principles of triage and how to conduct triage evaluations.

Instructor: *Connie Skalsky*

Disaster Medical Operations - Part Two / Wednesday, June 26th

In this unit you will learn about Public Health Considerations - How to maintain hygiene and sanitation; Functions of Disaster Medical Operations - What the five major functions of disaster medical operations are and how they are set up; Disaster Medical Treatment Areas: How to establish them and what their functions are and Patient Evaluation - How to perform a head-to-toe assessment to identify and treat injuries. It includes Basic Treatment - How to treat burns, dress and bandage wounds, treat fractures, dislocations, sprains, and strains, treat hypothermia, treat heat-related injuries, control nasal bleeding and treat bites and stings.

Instructors: *Connie Skalsky & Elizabeth Sourek*

The need for residents to learn disaster medical operations is based on two assumptions: The number of victims could exceed the local capacity for treatment. Survivors will attempt to assist others. As CERT members you will need to know lifesaving first aid or post-disaster survival techniques. In a disaster there may be more victims than rescuers, and assistance from medical professionals may not be immediately available.

These classes are designed for the average, non-medical citizen!

**YOU ARE WELCOME TO TAKE ANY CLASS YOU ARE INTERESTED IN
AND ALL CLASSES ARE FREE!**

The complete list of classes can be found at www.quadcitycert.org. Participants who attend all eight classes will receive a FEMA certificate of completion, a CERT starter duffle bag with some necessary items, and an Identification Badge.

All classes are held on evenings from 7:00-9:30 p.m. at the Independence Fire Dept., 6305 Selig Drive, 44131. Register by calling (216) 739-3702 or email to quadcitycert@cox.net. Include your name, address, city, and phone. Class sizes are limited - please register early!
