FIREARMS RESPONSIBILITY IN THE HOME

As a firearms owner, you are responsible for knowing how to properly handle your firearms & how to secure your firearms in a safe manner in your home. The following underscores the responsibilities each & everyone of us must accept when we bring firearms into our homes. If for any reason you feel uncomfortable with, or are unable to accept these responsibilities, we strongly urge you not to own a firearm.

Rules for Safe Storage of Sporting Firearms

- Always unload sporting firearms carefully & completely before taking them into the home remembering to keep the muzzle firearms pointed in a safe direction. Never load a sporting firearm in the home.
- Always make absolutely sure that firearms in your home are securely stored out of the reach of children. Unloaded firearms can be secured with a firearm locking device to make them inoperable. Unloaded firearms also can be stored in a locked cabinet, safe, firearm vault or storage case.
- Always store ammunition in a locked location separate from firearms & out of the reach of children.
- Always recheck firearms carefully & completely to be sure that they are still unloaded when you remove them from storage. Accidents have occurred when a family member has borrowed or loaned a firearm & returned it to storage while it was still loaded.
- Always remember: you are responsible for making certain the firearms in your home are not casually accessible to anyone - especially curious young people.

Safe Home Check List

- Firearms kept for security reasons are fully controlled at all times.
- Firearms are securely stored in a location inaccessible to children.
- Sporting firearms are unloaded before they are brought into the home & never loaded while in the home.

- Sporting firearm are immediately cleaned & placed in secure storage when they are returned from hunting or target shooting.
- When firearms are removed from storage, they are always carefully checked to confirm that they are unloaded,
- Ammunition is stored under lock & key, separately from firearms.
- The owner's manual that came with the firearm must be read & understood.

General Firearm Handling Safety Tips

- Treat every firearm as if it were loaded.
- Keep muzzle pointed in a safe direction
- Keep fingers off the trigger. Don't rely on your firearm's "Safety" device.
- Keep the firearm unloaded when not in use.

A Message to Kids About Firearms Responsibility

- Don't go looking for firearms in your house or a friend's house. Don't let other kids look for firearms in your house.
- If you find a firearm in your house - or anywhere else - leave it alone. Don't touch it. Don't let anyone else touch it. Tell an adult.
- Even if a firearm looks like a toy - don't touch it. Some real firearms look like toys. Don't take a chance. Tell an adult.

Remember - if you find a firearm, don't pick it up. Just leave it alone. And tell an adult right away.

"Put a Lock On" for Gun Safety

The Brooklyn Hts. Police Department's goal is to promote safe firearm handling & secure storage practices among all firearm owners in our community. To participate in our FREE "Gun Lock Program" call the Brooklyn Hts. Police Department, Dennis Derbin at 216-741-1327. VILLAGE FOOD PANTRY - NEWLY UPDATED INCOME LEVELS

The Village maintains a food pantry for any resident who may need assistance, whether it be temporary or on-going. The pantry contains poultry, meat, dairy items, canned goods, paper products, and personal hygiene items. It is run as a "client choice" pantry meaning that you shop for what your family needs versus receiving pre-packed bags. The pantry is located in its own room, next to the Community Services office.

We contract with the Cleveland Food Bank and receive much of our food free or at a minimal cost through this agreement. In addition, generous donations are received from residents, local businesses and the Women's and Men's Service Clubs.

The food pantry is available to those who meet these eligibility requirements: \$24,279 for a one-person household; \$32,919 for a two-person household; \$41,559 for a three-person household. The amount increases by \$8,640 for each additional household member.

If you feel you may qualify, please call our office and set up a time to shop the pantry. There is no charge and all information is kept strictly confidential.

DEPRESSION – MORE THAN JUST “THE BLUES”

According to the National Institute of Mental Health, depression affects more than 19 million Americans every year, regardless of age, race, or gender. While depression is not a normal part of the aging process, there is a greater likelihood of it occurring when other physical health conditions are present. Most people experience a low mood occasionally, but depression is a serious illness of mind and body that is not a normal part of the aging process.

Without proper treatment, depression can continue and worsen, possibly developing into suicidal feelings and actions. As a family caregiver, you know your older relative's mood and habits better than anyone. By being aware of the causes and symptoms of depression, you can assist your older relative to get help and treatment so they can live a more emotionally well balanced life.

Depression in older adults may be caused by medications taken for chronic health problems; a major negative life-changing event, such as the death of a spouse or other loved one; the impact of multiple losses, such as the loss of financial security, health, or independence; physical illnesses such as diabetes, Parkinson's disease, cancer, congestive heart failure, Alzheimer's disease and stroke.

Symptoms of depression may include:

- Consistently sad, anxious or “empty” mood
- Change in eating or sleeping habits
- Loss of interest in ordinary activities; withdrawal from social contact •
- Difficulty concentrating, remembering or making decisions
- Decreased energy or increased tiredness
- Preoccupation with “aches and pains”
- Feelings of hopelessness, helplessness, guilt or worthlessness
- Irritability or excessive crying
- Thoughts of death or suicide; suicide threats or attempts

Next month will be a review of some of the ways you can help an individual who is experiencing depression.
