**“Flexible Spaces in All the Right Places”** is what Fogg had in mind when designing their large portfolio of office, industrial and office/warehouse (flex) properties. Strategically located near major freeways in northeast Ohio, Fogg’s properties offer flexible floor plans, truck access and lease terms, as well as expansion opportunities for their growing customers.

Centrally located in the Cleveland suburb of Brooklyn Heights, our Centax I and II properties enjoy excellent freeway access near the I-77 & I-480 interchange. Situated within minutes of I-77, I-480, Rt. 176, I-490, I-90, I-71, the Ohio turnpike (I-80) and downtown Cleveland, the location is hard to beat. These industrial and distribution facilities feature front loading truck access and flexible floor plans.

“I have worked with various property managers finding corporate expansion facilities for the last twenty-five years in five different States and by far Ray Fogg Corporate Properties management services has the smoothest operations and the nicest people to work with.”
